WHY GET A Z™ OJO?

The Z™ Ojo videophone offers superior image quality and bandwidth efficiency by using the latest in video technology. Simple to install and easy to use the Z™ Ojo is perfect for the home and office. The 15.5" tall eye level screen and state-of-the-art miniature camera produces an optimal personal videophone experience. Additional Z™ Ojo features include video messages with customizable greeting, picture base caller ID and one touch privacy controls.

HOME

OFFICE

- Easy access to ZVRS *certified* interpreters
- Free personal installation and support
- Z-Connect. This allows you to use your Z™ Ojo in an environment with other videophones and have calls seamlessly sent and received on the product of your choice. No more calling someone on your Z™ Ojo and having the call returned and ring a different VP.
- 48 hour replacement service
- True ownership. You own the product.
- Z-Number. Local and Personal 800#.
- Z-Alert. Get a page when someone is calling your Z™ Ojo.
- Z-Contacts. Enter in all your contacts online and they will automatically appear on all your Z™ products.
